

TENNESSEE GENERAL ASSEMBLY
FISCAL REVIEW COMMITTEE

FISCAL NOTE

HB 2131 – SB 2446

February 8, 2022

SUMMARY OF BILL: Allows a pharmacy technician to perform certain tasks that are delegated by the pharmacist.

FISCAL IMPACT:

NOT SIGNIFICANT

Assumptions:

- The proposed legislation changes the definition of pharmacy technician within Tenn. Code Ann. § 63-10-204(38) to specify what type of tasks the pharmacy technician is trained and designated to assist with, including participation in drug, dietary supplement and device selection, storage, and distribution and administration, consistent with the pharmacy technician's education, training, and experience.
- The proposed legislation does not change the tasks performed by a pharmacy technician, but rather codifies the specific tasks that are common for them to carry out; therefore, there will not be a significant fiscal impact to state or local government.

CERTIFICATION:

The information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink that reads "Krista Lee Carsner".
